

## Historical Bird-Window collisions at UCSC (1996 - 2021)

### **Pine Siskin**

*Spinus pinus*

**# collisions: 3**

**Most frequent collision location:**

### **Chestnut-backed Chickadee**

*Poecile rufescens*

**# collisions: 1**

**Most frequent collision location:**  
Earth and Marine Science Building

### **Fox Sparrow**

*Passercella iliaca*

**# collisions: 1**

**Most frequent collision location:**  
Social Science Building

### **Swainson's Thrush**

*Catharus ustulatus*

**# collisions: 1**

**Most frequent collision location:**  
Natural Science 2

### **Cedar Waxwing**

*Bombycilla cedrorum*

**# collisions: 1**

**Most frequent collision location:**

### **Orange-Crowned Warbler**

*Vermicora celata*

**# collisions: 1**

**Most frequent collision location:**  
Earth and Marine Science Building

## **Golden-crowned Kinglet**

*Regulus satrapa*

**# collisions: 1**

**Most frequent collision location:**  
Earth and Marine Science Building
